## Message from our Founder, President and Past President

Dear Colleague:

We invite you to participate in the upcoming ASPN PAIN, 2023 conference, presented by Timothy Deer, MD, Jason Pope, MD, Dawood Sayed, MD and Erika Petersen, MD, FAANS, FAGS. This will be a dynamic educational opportunity which will attract pain practitioners from across the United States. The meeting will take place in Miami, Florida at the Fontainebleau.

The event will unite over 2,000 attendees, both in-person and virtual from across the United States, Europe & Caribbean including; engineers, researchers, anesthesiologists, neurosurgeons, neurologists, pain medicine specialists, and venture capitalists. Our goal is to present cutting edge data and information to practitioners of all levels and provide a forum to interact and discuss evidence based medicine to improve the quality of care and access to care for patients. There will be many opportunities for you to network with colleagues from across the United States, and attend educational sessions to expand your knowledge on current available treatment options to patients and practitioners.

Timothy Deer, MD  
Founder & Chairman

Jason Pope, MD  
President

Dawood Sayed, MD  
Immediate Past  
President & Vice Chairman

Erika Petersen, MD

### Expected Attendance

ASPN PAIN, 2023 is expected to bring clinicians, scientists, and industry partners from all over the United States. We anticipate in excess of 2,000 clinical providers to attend including: physicians, mid-level practitioners, nurses, and pharmacists.

### CME Accreditation

An application for CME accreditation to provide continuing medical education credits to physicians and APP providers is on file for review and approval. CME credit information will be updated and provided once approval is received.

### Our Education Program

The goal of ASPN PAIN, 2023 is to provide a unique and dynamic program on the most up to date, cutting edge information on therapies available to treat patients in pain. Each faculty member is a recognized leader in the field. Information and data presented will be on label and present the most recent and relevant information available with a focus on improving patient care, access to therapies, and overall outcomes. Format will include individual lectures, panel discussions, abstract presentations, late breaking research and cases.

ASPN PAIN, 2023 will continue to present an opportunity for clinician training in a hands-on lab. ASPN is proud to produce the largest hands-on training opportunity in the interventional pain space.
